Subject: RE: Clarivate Case # CM-230719-6536081 : Request for 2023 results [ref:_00D411O1D5._5004N1OQaXk:ref]

Dear Sir,

This is in reference to your email regarding receiving the Clarivate's (formerly Thomson Reuters) impact factor in 2022. Please accept my heartiest congratulations for receiving the Impact Factor.

It is to inform you that those journals where Clarivate's (JCR) Impact Factor is available, the scores are assigned as 6.00+JCR Impact Factor with a cap on 20.00. The NAAS Score for the journals having JCR Impact Factor will be updated in December 2023 and uploaded on January 01, 2024.

You are requested to send the JCR impact factor details of your journal for further action by the Academy.

With regards,

Executive Director
